

854 BRAEMAR DRIVE, MUNDELEIN, IL. 60060.

EVAN BOGGS

“ As a designer, I am interested in functional designs that generate meaningful interactions with my target audience. Whether it be a sign to catch their attention, an interesting label or package, or something as small as an exit bag - I want leave a lasting impression with the viewer each time someone interacts my work. I am always interested in diving into new styles and mediums, so that I can broaden my range and speak to people from all backgrounds. ”
